

Workshop

Finding The “One”

How Microdissection and Cell Picking uncovers
the Hidden World of Single-Cell Spatial Biology

Date: May 26 (9:00 am - 5:00 pm)
May 27 (9:00 am - 2:00 pm)

Venue: IMB's Foyer,
Ackermannweg 4, 55128 Mainz

Dr. Asif Khan
Director of Sales MMI

Expert Talk Highlight

May 26, 12:00 PM, 2nd floor Seminar Room

Explore how gentle, fully automated, high-throughput
laser microdissection advances single-cell isolation —
driving new breakthroughs in spatial biology.
